## CLIENT VICTORIES

### \$290,000 Settlement for Jogger Struck by Hit-and-Run Driver

Our client, injured while jogging on the roadside, sustained a broken ankle after being struck by a vehicle whose driver fled the scene. The VA Litigation Team successfully identified the driver and held them accountable, securing a \$290,000 settlement.

### \$300,000 Settlement for Head-On Collision

Our client was driving home from work when a driver traveling the wrong direction entered her lane and struck her vehicle head-on. The investigation showed the at-fault driver was under the influence of alcohol and drugs and was using her cell phone at the time of the crash. Despite complications with insurance coverage due to the driver's intoxication, our team successfully argued for punitive damages and secured the full available policy limits.
